

30th September 2013

Dear Parents of Children in 3ZJ,

3ZJ Community Project Autumn Term 2013

Your child is now involved in Year 3's Community Project sessions on Monday afternoons. This is a cross curricular project which seeks to provide opportunities for all children to undertake work focussing on the theme of 'Creating a Community', so that pupils may learn how communities work. From government and taxes to social responsibility and making decisions, the class is discovering how people, places and businesses can work together to make local communities safe, vibrant, exciting places to live, work, learn and play.

It is with this in mind that we have arranged for Create-Build-Learn to come in and work with the class on the afternoon of **Monday 7th October**. The session will be an opportunity for the children to apply their cross curricular skills to new challenges working in their small groups and as a member of the larger class team. With Create-Build-Learn's help, we aim to build an amazing imaginary community which would meet the needs and wants of all people living, learning, working and playing there - thereby consolidating and extending what the children have already covered in their initial sessions.

Parents are invited to pop into see the fruits of the class' labour at 3.15pm, where it is hoped the children will be able to explain the decisions they made regarding their community plan and share with you their enthusiasm for this project.

In order for this enrichment activity to take place, we need to ask for a voluntary contribution of £5 per child. Please note that this is a voluntary contribution, however the activity might have to be cancelled if insufficient funds are received. **Please return the slip below to your child's class teacher by Friday 4th October.**

Thanking you in advance for your support.

Yours sincerely,

Miss Jefferies and Mrs Gale
