### **Nut Allergies**

Dear Parent,

In school, we have several children with a severe food allergy to peanuts/nuts. In order to prevent a life-threatening allergic reaction, it is important that there is strict avoidance of this food. We are therefore asking for your help and support to ensure a safe school environment.

As any exposure to peanuts/nuts may cause a life-threatening allergic reaction that requires emergency medical treatment, we are asking that you do not send any peanut or nut containing products to school with your child. If your child has eaten peanuts/nuts before coming to school, please be sure that they thoroughly wash their hands and face before coming to school.

As ever, we appreciate your support for these important safeguarding procedures.

Regards,

Mark Pratt

Head Teacher
