

Solihull Parents' Forum

A voice for parents and
carers in Solihull

The Parents Forum supports the work of Solihull's Children and Young People's Trust.

All local authorities must have a Children and Young People's Trust (CYPT) by law. The Trust is made up of key agencies and people that work together to improve things for children and young people in Solihull. It aims to make Solihull a place where all children and young people have an equal chance and are able to achieve their full potential.

**If you would like more information about the Trust

Solihull Parents' Forum

A voice for parents and carers in Solihull

Do you want to...

- know more about how things are changing for your children?
- have your say in how to improve things for you and your family?
- be listened to?
- make a difference?

Who are we?

We are a group of parents and carers who have children of various ages and come from all parts of Solihull. We are interested in making a difference.

What do we do?

The Parents Forum meets every month from 7.30pm until 9pm to talk about things that are important to us. We discuss things like;

- keeping children healthy and safe
- schools and learning
- things to do and places to go
- support for parents and carers
- how to make sure all parents are involved in making important decisions about what we do in Solihull

Why is it important for you to join?

By getting involved in decisions, you will have the opportunity to improve things. If you are interested in sharing your views, this is your chance to have them heard so that they really make a difference.

How can you get involved?

If you would like to find out more, just call or email and we'll tell you when the next meeting is and what we'll be talking about.

If you can't commit to meetings, but would still like to get involved, you can join our Parents Forum network and receive regular updates and take part via post or email. Again, just contact us and let us know.
