

Thursday 12th June

Dear Parents,

We are writing to inform you that over the next couple of weeks, Year 3 will be undertaking their Sex and Relationships Education lessons and Drugs Awareness lessons. These lessons are part of our PSHE curriculum.

Our Sex and Relationship lessons will cover:

- The scientific names for private body parts and the anatomical differences between males and females.
- Learning about personal space and that it is right to express when you do not feel comfortable about touch.
- Differences between and within families.

Our Drugs Education will cover the issue of smoking and cigarettes. We will consider the health implications and what to do if someone offers you a cigarette. We will also talk about the differences between drugs and medicines.

If you have any questions about this, please do not hesitate to ask.

Kind regards,

The Year 3 Team
